To Whom It May Concern:

Schooley Mitchell has been working with us since July of 2009. During this period Brad Belton has done a fantastic job of reconfiguring all of my personal and professional telecommunications arrangements with Verizon (including phone, internet, cell phone, FIOS and TV. I required him to keep my current provider and yet he was able to completely negotiate a full package of services that now saves me money each and every month AND he even increased my internet speed at no additional cost! He even found several charges that were erroneously billed in the past and had them give me a full credit! His work was excellent, timely and very thorough!

I recommend Brad and Schooley Mitchell without any reservations whatsoever! Don't wait - have Schooley Mitchell do this for you and put a chunk of money you are now spending back in your pocket as soon as possible!

Sincerely,
