To Whom It May Concern:

Clearwater Seafoods has been a client of Schooley Mitchell Telecom Consultants and specifically, John Campbell, for the past 3 years.

Throughout John's consulting time at Clearwater he has worked diligently on reducing our telecommunications costs in the following areas: Long Distance, Cellular, Audio Conferencing, and Land Line phones. John has always been professional and direct in his negotiations with our communications providers, and has always worked hard to get the best deal possible for Clearwater.

John's work has saved Clearwater over \$130,000 in communications costs since the fall of 2005 and has provided us the tools and the discipline necessary to ensure that we can continue to achieve these savings after our contract with Schooley Mitchell has expired.

If your company is struggling to reduce its telecommunications costs then I would recommend that you consider using the services of John Campbell at Schooley Mitchell Consultants.
