To whom it may concern,

We engaged Schooley Mitchell Telecom Consultants to analyze our cell phone bills and make recommendations on a course of action to save us money. Their recommendations saved us over 24% of the monthly expense and we did not have to change providers.

We are all actively seeking ways of improving our business and these days there are so many things to manage and worry about in running a business. Managing the very confusing world of Telecom costs and in particular cellular costs might be one of those things you never get to or find impossible to figure out. Jennifer and Pete of Schooley Mitchell allowed us to understand what we were paying by provide a simple report and they made sound business recommendations to save money.

I highly recommend them and endorse their quality of work, follow up and professionalism. This valuable service was provided with very little time spent by Host Connections and no costs. The results put money back into the budget to help better serve our customers and build our business.

Sincerely,

A handwritten signature in cursive script that reads "Robert J Ferretti".
