To Whom It May Concern

We have utilized the services of Mike Estep of Schooley Mitchell Telecom Consultants since December 2009, and in that time our company has saved approximately 33% on our local phone, long distance and data services.

Schooley Mitchell conducted a company-wide review of our voice and data services, and presented a professional report outlining our options along with their recommendations. Upon our acceptance, Schooley Mitchell assisted with the implementation of new pricing plans and system configurations. In our case our savings were achieved through our existing suppliers.

We feel that Schooley Mitchell has always operated in the best interest of our company and their value has been measurable.

We feel confident in recommending Mike and his team at Schooley Mitchell for any company looking to tighten the belt on communication-related expenses. We found their business model to be risk free and have been impressed with the results.

Sincerely,

Anoop Sinha
Director HR and Operations
