Dear Neil,

We have been working with yourself and John Lake at Schooley Mitchell for a number of months now and I wanted to write to express my gratitude and appreciation for all your efforts. You have not only helped us to optimize our communications bills; but with your help we have been able to get the most out of other projects.

You and your staff have given us a lot of 'expert' insight into the phone system setup in our new office, internet access for our drivers and additional issues that have sprung up since we began working with you. You and John have been easily accessible and provided great customer service since the beginning.

I would not hesitate in recommending your services to other companies, and I look forward to continue working together for years to come.

Sincerely,

Joanna Gouveia
IT Administrator
