Dear John,

I would like to take this opportunity to thank you for the outstanding work being accomplished by Schooley Mitchell, on behalf of TACF. We have been very impressed with your consistent professionalism and genuine care and concern for us as an organization. We have been especially impressed with how you willingly go above and beyond what is expected to help us as a client. It is a rare thing to experience in this day and age and is greatly appreciated. Also, your tenacity, when dealing with vendors, to negotiate the best possible contracts that meet our needs and budgetary requirements has been tremendously beneficial for us. Your efforts have saved us thousands of dollars!

We are very happy with the results you have obtained for us concerning our phone system, long distance plan, high-speed internet connections and the huge task of migrating our web hosting and steaming services to another company. It has been well worth the expense to have Schooley Mitchell's depth of experience on our side to help facilitate these changes and to move us as an organization towards our future goals in an efficient and effective manner.

We appreciate, and plan to continue, the excellent relationship that has developed between us as we are faced with new and challenging decisions concerning our telecommunications needs. Thank you again for your commitment and to support to us.

Sincerely,
