Mr. Robert E. Hill  
Schooley Mitchell Telecom

Dear Mr. Hill:

I just wanted to thank you and your team at Schooley Mitchell for all the time and effort you put in to help me improve my business telecom services and reduce my cost. As you indicated in your initial presentation you would review my telecom services to look for cost savings with my current provider and with no disruption to my staff and business. You delivered on your commitment in a timely and professional manner.

I would highly recommend the services of Robert E. Hill and Schooley Mitchell's professional services to any business seeking to analyze and improve their telecom services.

Sincerely
