To Whom It May Concern:

CitiCare Family Health Services engaged the services of Bob Hill and Greg Lowxy of Schooley Mitchell Telecom Consultants to assist in the relocation of our telecom services to our new office. Schooley Mitchell Telecom Consultants helped us plan the move as well as assisted in selecting the right equipment and vendor for our needs. Moving an office is never an easy task and with so many details to be handled it was a relief to put this area of our move in the hands of professionals.

Although we were faced with a short turnaround to relocate our office both Bob and Greg understood our position at the time and really worked expeditiously to get our services and equipment installed in a professional and timely manner, which prevented any downtime to our patients and office staff. They are always available and willing to assist us with any concerns regarding our telecom system.

I would highly recommend the services of Schooley Mitchell Telecom Consultants to any organization seeking to get professional guidance and assistance for all of their telecommunication needs.

Sincerely,
