To Whom It May Concern:

I am writing this letter of recommendation for David Huggins and his company, Schooley Mitchell. Dave met with me a few months ago to examine our telephone usage for Bishop Flaget School. Within one day of meeting with me, Dave had already saved our school over \$500 annually in telecommunications charges. He was able to take the time to look over what programs were available and compare to what we currently had.

It is nice to know that there is someone looking out for you when you do not always have the time to analyze your own bills as well as look for new programs/plans that are available. Dave's services to our school are saving us much needed funds, and I look forward to continuing to work with him.

Please feel free to call me to discuss the opportunities that Dave and Schooley Mitchell can offer your school. I think that a short meeting with him will be well worth the financial savings that your school or business will gain.

Yours,
