Dear Dave,

Thank you so much for your hard work in negotiating such a savings for our company's telecommunications. I have to admit, I thought I kept a close eye on our costs, and was surprised of the amount of savings, even for a company our size.

I wish you well, and would recommend your services to any individual or company. It is also good to know someone will be watching over that segment of our costs going forward!

Thanks again,

A handwritten signature in black ink, appearing to read "Michael B. Haller", with a long horizontal line extending to the right.
