

Thursday, May 14, 2009

Dear Sir or Madam,

I am a Senior Construction Operations Analyst with Aecon's Infrastructure Group. I worked with Neil Hostein as the Project Lead managing Aecon's telecommunication requirements.

We have been working with Neil Hostein and the consultants at Schooley--Mitchell since the end of October 2006. Neil and his peers are thorough and driven to do what is in Aecon's best interests. The experience and professional approach that he and his team take to deliver bottom line results consistently emphasizes their commitment to their customer.

Schooley--Mitchell's ability to work seamlessly offsite supporting our internal departments throughout our engagement is one of their greatest assets. On a number of occasions, I have personally worked with Neil and his analysts to audit and resolve large quantities of account transactions from various telecommunications vendors to ensure consistent monthly savings.

I can confidently recommend Schooley--Mitchell as solid and reliable consultants, and experts in their field. Should you have any further questions please do not hesitate to get in touch.

Regards,

MITCHELL MAILVAGANAM | Sr. Construction Operations Analyst
