To Whom It May Concern

Our organization retained the services of Schooley Mitchell starting in early 2006. Patrick McGeough coordinated the worked on our file. After completing an in-depth review of all the telecom services we used, they showed us how we could save a significant amount of money, about 30% on what we had been paying.

While we had meetings to discuss options, they took very little of our time and once we approved their recommendations, they managed implementation of things for us and continue to monitor and make improvements on a quarterly basis.

We would recommend Schooley Mitchell's service to help organizations make the right decisions about telecom services.

Yours truly,

Stephen Katz
