To Whom It May Concern:

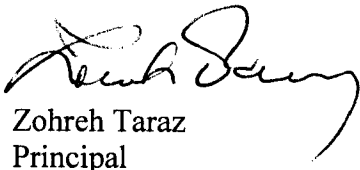

I am delighted to have engaged the services of Paul McMnamin and Schooley Mitchell to address improvements to my current telecom configuration as it relates to the needs of my office.

Despite numerous time-consuming attempts over the years, I have been frustrated in my own efforts to affect adequate cost saving measures. As such it was an easy decision to entrust the matter to Paul McMnamin whom I have known for many years. Paul's knowledge and expertise in the field of telecommunication, not to mention his integrity, gave me confidence that if there was any improvement to be made he would identify it.

Paul and Schooley Mitchell performed a careful analysis of my current service, usage and requirements. In a short span of time Paul presented Schooley Mitchell's findings and recommendations in a comprehensive and professional report. This was followed by a consultation to review and address my questions.

To my obvious delight the recommendations will result in annual savings in excess of 50%. I welcome the opportunity to recommend Paul McMnamin and Schooley Mitchell to any firm serious about optimizing their telecom services.

Sincerely,

Zohreh Taraz  
Principal
