To Whom It May Concern:

Cottonwood Landscapes recently had the opportunity to work with Mr. Steve Oscarson of Schooley Mitchell Telecom Consulting wherein he analyzed various alternative telecommunication systems. Mr. Oscarson was very professional in his approach and presented his analytical finding with our best interest in mind. He presented me with various options, one of which wouldn't make him any money, but subsequently negotiated a stronger contract and thus, improve system performance...all as a part of the initial free audit.

Cottonwood would not hesitate to work with Mr. Oscarson in the future to insure that we have and maintain the best rate plans and systems available that meets the Company's needs. Cottonwood also would not hesitate to recommend Schooley Mitchell Telecom consulting to any business to assist in reviewing all of its communication system needs.

Sincerely,

Richard Cloward
Office Manager
Cottonwood Landscapes
