To Whom It May Concern:

Greg Ptacin was able reduce our inbound long distance costs by 85% and reduced our regular line costs 25%.

When you work with Greg and Schooley Mitchell, they do all the work. They keep on top of contract terminations, take care of paperwork, contact the phone companies, and are always willing to help with anything connected with your telephones.

I highly recommend any business let Greg review its telephone spending.

Sincerely,
