To Whom It May Concern:

Perisho Tombor Ramirez Filler & Brown PC is a Silicon Valley CPA firm delivering financial accounting, tax, business advisory and valuation services. We have recently worked with Schooley Mitchell Telecom Consultants, and we are extremely pleased with the outcome. We are saving \$19,800 over three years, reducing our telecom cost by over 30%. Schooley Mitchell performed a careful analysis of our telecom services and determined our needs. They recommended a service configuration that reduced our required services and costs. We have converted to the new service configuration and are very pleased with the outcome. The conversion was transparent to our staff and clients.

Schooley Mitchell has worked with several CPA firms and has excellent references.

We highly recommend their service.

Yours truly,
