

To Whom It May Concern:

Our company recently had the opportunity to work with Stephanie Wayne and Schooley Mitchell Telecom Consultants. We were intrigued by the Schooley Mitchell service offering and the opportunity to have telecom experts involved in managing our telecom services and monitoring our telecom costs.

They required little of our time and were able to provide us with a professional, detailed report outlining significant savings on our telecom expenses including, 30% on local service, 34% on cellular service and a whopping 93% on long distance service!

We are currently enjoying the savings based upon their recommendations. The best part is they continue to provide the valuable service of monitoring our expenses monthly so we do not have to. They offer this service at no additional cost!

Schooley Mitchell's independence was very important to us. We are confident knowing Schooley Mitchell is continually trying to reduce our expenses and make sure we have the best services.

Without reservation, we can recommend Stephanie Wayne and Schooley Mitchell for fair and objective consulting to reduce a business's telecom expenses.

Sincerely,

John Cook
