To Whom It May Concern:

Recently we contracted the services of Jim Kinsella from Schooley Mitchell Telecom Consultants to review our telecommunication services and costs.

Although we believed that our current service providers were offering us their most competitive rates, Jim was able to identify several areas for potential savings. By implementing Jim's recommendations, we are able to realize significant annual savings, all of which go straight to increasing our bottom line.

We were very pleased with Jim's professionalism, knowledge and courteous service.

I highly recommend Jim Kinsella and Schooley Mitchell Telecom Consultants as an excellent choice for any business wishing to review and reduce their telecommunications costs.

Yours truly,

Ian M. Fedder,
