Schooley Mitchell Telecom Consultants
c/o Stephanie Wayne

To Whom It May Concern:

Please let this serve as my letter of strong support of the services provided to me by Stephanie Wayne and the Schooley Mitchell telecom expense reduction program. Ms. Wayne reviewed our telecom expenses and requirements and did a very thorough job. She provided us with an objective risk-free analysis that did not cost our company anything. I can attest to the fact that anyone contemplating having her review your records truly has nothing to lose. She can only improve your bottom line.

Ms. Wayne presented us with a professional, detailed report outlining exactly what services we had and what are actual costs were. **She was able to reduce out telecom expenses by 51%!** The best part of all is that we did not even have to change our vendors. She simply negotiated much better deals on better plans...something we did not have the time or expertise to do on our own.

There was *minimal* time invested into the process on our end. We simply provided three months worth of billing invoice from our telecom providers (ie. cell phones, local/long distance, data and internet) and she did the rest.

In closing, I cannot recommend the Schooley Mitchell program to anyone enough. We are in a tough economy right now and I for one will take savings anywhere I can get them. Now that I know my company has the best possible telecom plans and pricing in place, we can focus even more on what we do best. Those savings are immeasurable.

Sincerely,

Sean Landis
Vice-President
