Schooley Mitchell Telecom Consultants
c/o Stephanie Wayne
831 Highwood Drive
Bloomfield Hills, MI 48304

To Whom It May Concern:

Our company recently had the opportunity to work with Stephanie Wayne and Samantha Cronin of *Schooley Mitchell Telecom Consultants*. They completed a thorough analysis of our long distance, local, data and cellular expenses. They were able to save our company in excess of 38% on these services.

Years ago, we moved from one office building to another and part of our phone service was never moved along with us, although we were still being charged by the vendor. I don't think we would have found this error ourselves. *SMTC* identified the error which was costing our company hundreds of dollars per month!

I was impressed throughout the entire process and felt they handled everything in an efficient and professional manner. It was comforting knowing they always had our company's best interests at heart.

You are in a "no lose" situation with their program as they can only positively affect your bottom line. Overall, I was very pleased with *Schooley Mitchell Telecom Consultants* and would highly recommend their services to anyone who would like to optimize and manage their telecommunications costs and services.

Sincerely,
