To Whom it May Concern:

Nicholas Williams of Schooley Mitchell Telecom Consultants checked our existing services and found several ways that would impact our bottom line. He implemented the changes and I am happy to say that we have saved a considerable amount of money.

As a not-for-profit, our funds are limited and any help in containing expenses is much appreciated. To save money and to feel confident that the choice made was the best one for our organization is a bonus.

Nicholas has been very professional and courteous and follows up periodically to make sure of our satisfaction in the company and service that was selected.

I highly recommend Nicholas Williams and Schooley Mitchell Telecom Consultants as an excellent choice for any business wanting to review and improve their telecom costs.

Sincerely,

Sandy Watson
Executive Director
