

HEARTLAND
COMMUNITY COLLEGE

Heartland Community College Testimonial:

"Schooley Mitchell's services of scrutinizing invoices and serving as point of contact with select vendors provide our staff the space to direct attention to other critical duties. The added benefit is we are saving money and have peace of mind in knowing there are experts on our side reviewing invoices and negotiating the best price on our behalf! The service level has been top notch with speedy turnaround to questions and timely reports. We value our partnership with Schooley Mitchell!"
