Lyall Newby
Schooley Mitchell of Charlotte
2012 Tomshire Dr
Gastonia, NC 28056

To Whom It May Concern;

HRGC, based in Charlotte, North Carolina, is one of the premier full service contracting firms. With over 25 years experience, HRGC is full licenced and insured in both North and South Carolina and provides a range of residential and commercial services.

We engaged Schooley Mitchell to assess our costs on our telecom and determine if we are optimized. We found that our wireless plan is optimized but had limitations on number of lines. Had we not engaged Schooley Mitchell we may have inadvertently exceeded the number of lines allowed and opened ourselves up to significant higher costs. We now have a plan in place as we grow and a business consultant looking out for our best interests.

The process was easy that provided an independent and objective review of our services, contracts, billing and vendor. We now have a resource that will monitor our needs and provide guidance as we grow our business and telecommunication needs.

We would recommend their services to any company looking to optimize their telecom related services and costs.

Sincerely,

Bobby Nance
Chief Operating Officer
