Dear Andrea,

I wanted to thank you and the Schooley Mitchell team for validating what we had hoped to hear, that Lyerly Agency was already getting an amazing value on our phones and internet. We were thrilled to help launch the Montcross Area Chamber of Commerce Affinity program and go through the process with you. Although Schooley Mitchell did not financially benefit from the analysis, I'm committed to sharing our experience with others in hopes that you can help them as well. The model of no-risk, just reward, is a great one and the process was very easy for us. You are a class act and have gone well beyond our expectations to support and promote Lyerly Agency.

Please let me know how we can help in the future and thank you again for helping local businesses reduce expenses while supporting the Montcross Area Chamber of Commerce.

Sincerely,

A handwritten signature in blue ink that reads "Melia".
