

To whom it may concern:

I am pleased to be writing this letter in recommendation of Miguel Cardenas and Schooley Mitchell of Grey Bruce.

Established in 1975, OMNI Health Care is among the largest operators of long-term care homes in Ontario. Our mission is to provide the highest standard of care for all residents and to bring hope, purpose, and belonging to every aspect of life.

When Miguel approached us with Schooley Mitchell's business model, we asked him to look at our propane and electricity expenses at five of our locations across the province. We are incredibly pleased to say that between those two expenses, Miguel and the wonderful Schooley Mitchell team found us combined savings of over \$51,000 a year.

The money we save on operational expenses helps us continue to deliver the highest quality of care to our residents, and so we greatly appreciate the work that Schooley Mitchell has done for us.

Working with Miguel has been a pleasure. He and his entire team are professional, courteous, and dedicated to finding the best solutions. I would happily recommend Schooley Mitchell of Grey Bruce and Miguel to any business or organization looking to save money on its operational expenses.

Sincerely,
