

To Whom It May Concern:

Columbus Catholic Schools (CCS) serves students from around the Marshfield area with students coming from ten area school districts. Being a Catholic school, faith formation and education is part of each day. Students attend daily religion classes and weekly Mass. Students of all denominations are welcome at CCS, though, and all are treated with kindness and respect, without discrimination based on religion.

CCS is committed to making its schools affordable to all families. CCS participates in the Wisconsin Parental Choice Program and qualifying families can attend 4K through 12th grade tuition-free. For those families not qualifying for the Choice program, CCS offers its own tuition grant program committed to meeting every family's needs. As a result, we are constantly vigilant with our spend on services. Denis Tan from Schooley Mitchell was referred to us from one of our parents to take a look at our expenses risk-free. In that regard, we entered into an agreement with Denis Tan to review our telecom and waste accounts.

For our waste management, we weren't aware that we were in any contracts. But with Denis' team, they brought to our attention the current contracts that we were in, and how Schooley Mitchell would negotiate to identify if there were any efficiencies, and if not, they would review and provide recommendations. The process was efficient. Denis and his team showed us that we could see an **annualized savings of 46.96%** for our schools.

As for our telecom services, Denis was not able to find any savings, but he shared with us that the service and pricing we are currently receiving for our phone services was optimized at an unbelievably low price, in which we should not change or modify our current phone contracts.

Denis did exactly what he said he would do and helped CCS with optimizing our bills. I strongly recommend Denis and Schooley Mitchell to anyone looking to keep their operating costs in check.
