

To Whom It May Concern,

I am pleased to write this letter in recognition of a great organization, Holley by the Sea. Located in Gulf Breeze, Florida, Holley by the Sea is a homeowners' association aimed at benefitting the community by preserving the values and beauty of the local properties.

Holley by the Sea offers many private amenities for members to enjoy such as tennis courts, a beach house, pools, a weight and cardio room, and various athletic facilities. It also offers before and after school care and summer camps for children.

The management and staff at Holley by the Sea work tirelessly to keep the community informed about area happenings, such as security, maintenance, and events through its website and new mobile app. The board of directors, which partly consists of volunteers, are a vital aspect of Holley by the Sea and are dedicated to enhancing community enjoyment and enforcing compliance of the governing documents.

I cannot express enough how much of a benefit Holley by the Sea is to the community of Gulf Stream, Florida. By implementing working solutions for beautification and growth, Holley by the Sea is a huge asset to the residents in this amazing community.

Yours truly,

Michael Salazar
