To whom it may concern:

I am writing this testimonial letter to recommend the services provided by Denis Tan of Schooley Mitchell to any business owner. Heinzen Printing, for years, have always been creating long-lasting relationships with our customers in Wisconsin, by providing the highest quality print services available in the fastest, most economical way possible without sacrificing quality.

When Denis was first introduced to me at our Marshfield Area Chamber of Commerce event, I was intrigued in how much he managed to save the Chamber of Commerce. As I chatted with him a little more and learn about his services and the areas he could help me save money, I soon realized that Denis could really help my business. And the best part of it, his services was risk-free. If he didn't find any savings for me, I didn't need to pay a single penny.

A few weeks later, Denis came over to our office to discuss with us the process and what we needed to provide him for his team to perform an analysis. And six weeks later, he presented to us his findings. It was amazing!

Denis and his team found savings in many areas: Phones (22.62%), Internet (Free Speed Upgrade), Shipping (21.75%), Waste (53.92%), and Merchant Services (37.31%). **And that's an estimated total of more than \$6500 in annual savings.**

Schooley Mitchell's cost-reduction service has allowed me to re-invest some of these savings in other areas of my business. I strongly encourage any company or organization to reach out to Denis Tan of Schooley Mitchell to see how much money and time he can save you. Their services are truly risk-free, and it's really a no-brainer for you to have Denis come in and do an audit.

Sincerely,
