

To whom it may concern:

I am pleased to write this letter in recommendation of New America College. Located in Denver, Colorado, New America College offers affordable English language classes for all skill levels while cultivating inclusion, community, and success through a focused English language experience.

New America College believes education should be afforded to everyone which is why it maintains lower tuition rates for high quality education. The English Language Acquisition programs open up a world of possibilities to students. From beginner to advanced, programs are built to be student-centered which helps each student achieve their unique goals in a safe and supportive environment.

Proudly, New America College is accredited through the Accrediting Council for Continuing Education and Training which is recognized by the U.S. Secretary of Education. In addition, it is a member of the National College Testing Association and an official testing center for the Electronic Technicians Association.

I highly recommend New America College to anyone looking to acquire English language skills. With flexible schedules and affordable tuition, students can go onto succeed at American colleges and Universities and start successful careers all around the world.

Yours truly,
