To Whom it May Concern:

It does not happen often that you get a chance to make certain you have the most competitive deal from your vendors. You often must just believe it without any rationale. However, I was recently able to ascertain that both my telecommunications and my merchant services processing are the most competitive and complete programs for my business.

How did I do that? Schooley-Mitchell!

I have known Rodney Tillotson for a few years, and we have always had a successful business relationship. So, when Rodney told me that he had purchased a franchise that specializes in saving businesses money on services they are already using, I listened!

We are a true “mom and pop” business, and I was pleasantly surprised that Schooley Mitchell and Rodney would even consider us, because we have such low volume. However, after one meeting and some document sharing, Schooley Mitchell gave me two comprehensive reports of the pricing and terms of my vendors and reassured me that I was right where I needed to be. Since Schooley-Mitchell takes a fee only when they save you money, there was no cost to me!

Best yet, I know that Rodney will continue monitor my business, and will be a valuable resource for us going forward, as our business grows.

I recommend Rodney Tillotson and Schooley Mitchell highly and without reservation.
