

To whom it may concern:

I would like to take this opportunity to write a letter of recommendation on behalf of a true industry professional, Erika Perrin. The owner of Perrin Insurance Agency, Erika offers quality service and support, specializing in supplemental benefits, individual health insurance, and Medicare.

With more than a decade of experience in the industry, Erika and her team help individual clients navigate the complex world of insurance and understand when and how to enroll in Medicare. She also helps businesses select tailored Voluntary Benefit solutions that best suit their needs.

While I have only known Erika for a short time, it was easy to see she is great at what she does. She has a high level of energy and is very engaged with her clients. She takes the time to ask questions and clarify any confusion to find out what her clients need and develop the right solutions for them. She has also been extremely helpful as a resource to me when my contacts needed support because their current health insurance agency could not find products to help them.

I highly recommend Erika Perrin and her company, Perrin Insurance Agency, to anyone who needs guidance navigating the complex world of insurance. Erika and her team will go above and beyond to help you find exactly what you need, without breaking the bank.

Sincerely,

Fred Carter
