

To whom it may concern,

I am more than happy to be writing this letter of recommendation today on behalf of an exceptional establishment, Bar Ronin. Bar Ronin is a contemporary Japanese izakaya with a full-service bar, multiple private dining rooms, a beautiful open chef's kitchen, and a mouth-watering menu.

Located in the heart of the West Erie Plaza in Erie Pennsylvania, Bar Ronin is a true "must-see" destination. Its private dining spaces are beautifully built and lit, making Bar Ronin an aesthetically pleasing choice for large and small events alike. The owner Dan creates dishes that are so unique and delicious, my wife and I would circle the date on the calendar just to go have an incredible meal at his restaurant when we were newly married.

When it comes to dining, it is truly the staff that makes all the difference. At Bar Ronin, their servers, bartenders, and cooks are all friendly, professional, and efficient at what they do. My organization has annual Christmas parties where they easily accommodate more than 20 of my guests and never disappoint in taste or service.

I would wholeheartedly recommend Bar Ronin for anyone looking for a new dining experience. Their food, atmosphere, and staff all contribute to making a meal at Bar Ronin a truly unforgettable experience.

Sincerely,

Adam Baker
