

To whom it may concern:

I am more than happy to write this letter of recommendation on behalf of Berea Moving & Storage, a family-owned moving, storage, and logistics provider that has been serving the Cleveland area since 1961. What began as a small family operation has grown into an established organization with extensive experience handling residential, commercial, medical, and specialized moves while continuing to value personalized service and careful attention to every client's needs.

Berea Moving & Storage offers residential and commercial services, specialized handling, and custom crating. Its climate-and humidity-controlled facilities protect sensitive items, while its experience with medical equipment, fine art, and other valuables equips the team to manage projects requiring exceptional care and expertise.

The people at Berea Moving & Storage are an important part of what makes the experience so positive. Their knowledge, professionalism, and attention to detail allow them to handle each project with care, while their willingness to take on challenging and unusual jobs demonstrates the depth of their experience. The family legacy behind Berea is also reflected in the pride its team takes in providing dependable, thoughtful service.

I highly recommend Berea Moving & Storage to individuals, businesses, and organizations seeking experienced moving, storage, and logistics support. Its dedicated team, specialized capabilities, and longstanding family ownership make it a valuable resource for clients with both everyday and highly specialized moving needs.

Sincerely,

Jim Lichtenberg
