

To whom it may concern,

I would like to take this opportunity to write a letter of recommendation on behalf of Justin Gamble. He is the passionate artist behind Justin Gamble Photography in Cuyahoga Falls, Ohio.

Justin started his photography career many years ago and found a love for the art of photography. He knew that he wanted to bring stories to light and apply his creative direction within his photography. As a Top 5 North East Ohio Photographer, Justin has photographed a mixture of engagements, weddings, portraits, musicians, commercial, and exotic cars.

Today, Justin continues to provide gorgeous photographs for every client. His photography currently focuses on couples, weddings, and commercial photo and video. I have had the pleasure of witnessing him in action, and he is no doubt a professional and fun photographer. It is clear he is passionate and loves what he does.

I highly recommend Justin Gamble as your next photographer. Justin ensures high quality photos and top-notch service for your event or session. He understands that these photos will be treasured and loved forever, so he is ready to make it count.

Sincerely,

Fred Carter
