

To whom it may concern:

I am pleased to write this letter of recommendation for Plastic Service Centers, a thermoplastic resin distributor headquartered in Clinton Township, Michigan. It is dedicated to providing manufacturers with reliable material supply, technical expertise, and responsive customer service. With a commitment to quality and efficiency, it helps businesses maintain consistent production and meet their operational needs.

Plastic Service Centers offers a comprehensive range of thermoplastic resins, including polypropylene, ABS, polycarbonate, nylon, and automotive-approved materials. Its services include custom compounding, color matching, resin blending, same-day delivery, inventory management, and technical support. It also provides recycling solutions and surplus resin purchasing, helping businesses optimize material usage and manage costs.

A key strength of Plastic Service Centers is its outstanding team of knowledgeable professionals who bring extensive industry experience and a dedication to customer satisfaction. They work closely with clients to identify suitable materials, provide technical guidance, and develop solutions tailored to specific manufacturing requirements. Through its commitment to communication, reliability, and personalized support, it builds lasting business relationships.

I am pleased to recommend Plastic Service Centers to manufacturers seeking dependable material supply and professional support. Its combination of comprehensive product offerings, experienced team members, and commitment to service makes it a valuable resource for businesses across the plastics industry.

Sincerely,

Steve Dicker
