

To whom it may concern,

I am pleased to recommend Anthony Wayne Youth Foundation for its outstanding commitment to supporting youth development, recreation, and community involvement throughout the Anthony Wayne area. Since 2006, the organization has worked to provide resources, financial assistance, and administrative support for youth programs serving children and families within the Anthony Wayne School District.

The Anthony Wayne Youth Foundation supports a wide range of youth enrichment programs, including soccer, football, baseball, cheerleading, volleyball, and other recreational activities. It also partners with the Blue Creek Recreation Area to help maintain facilities and improve community spaces for youth sports and events. Through fundraising efforts, volunteer support, and community partnerships, the foundation continues to create these impactful opportunities.

What makes the Anthony Wayne Youth Foundation stand out is its strong focus on collaboration and community impact. It is led by dedicated volunteers, board members, and supporters who are passionate about investing in local youth and strengthening the community through recreation and education. Their continued efforts have helped countless families gain access to quality programs and positive experiences in a fun and supportive environment.

I highly recommend Anthony Wayne Youth Foundation for its leadership, community dedication, and ongoing commitment to creating meaningful opportunities for children and families throughout the region.

Sincerely,

Joe Gilmer
