Client Testimonials

What our clients say about us

Wholesaler Client

Schooley Mitchell team reviewed our entire telecommunication environment for billing errors, usage, and pricing, and found savings of **44%** on our wireless usage. They also consolidated services and eliminated unnecessary expenses, which resulted in additional savings. The entire process was managed professionally by Schooley Mitchell, who also completed the implementation process as a whole seamlessly. The post audits, as promised, are transparent and accurate. We only pay based on the actual savings!

Going forward, we are confident we have the right team in place with Schooley Mitchell to assist our business in managing the complexities of our telecommunications with our best interests in mind.

Distributor Client

We engaged Schooley Mitchell to review all of our telecom expenses. They found that we had considerable opportunity to reduce expense dollars in nearly every category of telecom expense.

They immediately saved us money by moving our inbound and outbound long-distance calls to a more competitive carrier. Our new inbound carrier saves us over **50%** compared to our original carrier's charges. We have also agreed to move our local and internet services to another provider, which will save us nearly 30% on our monthly costs. This will allow us more flexibility with some of our non-core business data needs. We are very happy with our results and would highly recommend Schooley Mitchell.
