To whom it may concern,

I am pleased to offer this letter of recommendation on behalf of PiP Dental Partners. Located in Issaquah, Washington, PiP Dental Partners supports a network of practices that focus on delivering high-quality oral health services to children across the region.

Specializing in pediatric and orthodontic care, PiP Dental Partners offers a range of services through its affiliated practices. By uniting practices under its network, it ensures consistent standards of care, streamlined business support, and the necessary infrastructure for clinics to focus on patient care and long-term oral health outcomes.

The team at PiP Dental Partners demonstrates strong organization and commitment across administrative, clinical, and support functions. Their ability to integrate specialty dental care with professional management enables affiliated practices to operate efficiently while maintaining a patient-centered ethos.

I confidently recommend PiP Dental Partners as a reliable and professionally managed dental-service organization. Its great team goes above and beyond to support its practices while contributing positively to pediatric and orthodontic care in its communities.

Sincerely,

Michael Salazar
