SCHOOLEY MITCHELL

To whom it may concern:

It is a pleasure to recommend Ectobox, a technology consulting and software development firm located in Pittsburgh, Pennsylvania. It delivers innovative technology solutions that help organizations improve efficiency, streamline operations, and support long-term growth.

Ectobox offers a broad range of services designed to address complex technology and business challenges. Its capabilities include custom software development, application design, systems integration, cloud solutions, IT consulting, and technology strategy planning. By combining technical expertise with a practical understanding of business needs, it develops solutions that help organizations operate more effectively and adapt to changing demands.

It is supported by a knowledgeable and dedicated team of professionals who bring experience, technical expertise, and a commitment to quality to every project. They emphasizes collaboration, clear communication, and attention to detail while working to understand each client's needs. Through their expertise and problem-solving abilities, they deliver thoughtful, customized solutions that support client goals.

I positively recommend Ectobox for its expertise, professionalism, and commitment to excellence. Its comprehensive service offerings, innovative mindset, and exceptional team make it a trusted partner for organizations seeking reliable technology solutions and strategic guidance in an increasingly digital business environment.

Sincerely,

Marc Schwalb
