Client Testimonials

What our clients say about us

Higher Education Client

We engaged Schooley Mitchell to perform a risk-free review of our operational expenses. Their process was straightforward, which did not require a lot of time and effort on our part. After performing their deep dive analysis on multiple categories, Schooley Mitchell provided us with savings opportunities that included **43% savings on our wireless** contract, **28% reduction in VOIP and internet services**, **11% savings in credit card processing**, and a **45% reduction on our e-signature** pricing. We were pleasantly surprised to learn of these findings and proceeded to implement some of these savings opportunities. This allowed us to reallocate funds for other projects.

Faith-Based School Client

We engaged Schooley Mitchell to review our entire telecom infrastructure from a cost and service perspective. They did an in-depth investigation and found reductions that exceeded our expectations. The analysis was completed in a timely fashion, and we were able to reduce our telecom expenses by **more than 50% per year**. Schooley Mitchell implemented the various changes to our plans and services in a manner that was the least disruptive to our environment. Their expertise allows my staff to focus on their respective responsibilities, and we are secure in the knowledge that we are paying the best prices for the best services that fit our needs. We very much appreciate the telecom expenses they have been able to reduce for us and we look forward to working with them in the future.
