

To whom it may concern,

It is a pleasure to write this letter of recommendation on behalf of Xuron Corp. Located in Sasco, Maine, it has been able to revolutionize many industries such as electronics, aerospace, plastic molding, wire processing, hobby, craft, jewelry, and fishing.

Since 1971, Xuron has been one of the world's leading manufacturers of ergonomic grade hand tools. Today it manufactures over 100 different types of tools including cutters, pliers, forming tools, wire strippers, micro-pneumatic cutters, scissors and wickgun desoldering braid dispensers.

Everyone at Xuron takes pride in their quality and craftsmanship. They are a highly knowledgeable team who continues to push the boundaries of innovation. With something always up their sleeve, the team at Xuron always has new and bright ideas to help benefit everyone.

I highly recommend Xuron Corp to everyone from a humble crafter or to larger scale businesses or factories. It has something for everyone and will continue to revolutionize hand tools for the better.

Sincerely,

Rodney Tillotson
