Dear Mr. Schooley:

Hi there Dennis, hope all is well. Buying a franchise was certainly a new experience for me and I expect the same holds true for most. It's hard to believe I started my business six years back. We all know how fast time flies but more so when your activity directly translates to your W-2.

Looking back on the last years I have had fun and have been fortunate in the eyes of many to have made a few bucks along the way. The challenges I face every day are mostly market driven. This space is now and has been for the last twenty years in a state of flux where constant change is the norm. Your team has been particularly helpful in pursuit of more efficient tools to assist our production process and certainly a hats off to your development teams efforts to personally engage in response to those change events.

I hope to see a significant increase in my income opportunity again this year. Thanks to you and your team for your support in that endeavor.

Regards,
