

To whom it may concern,

I am more than happy to write this letter of recommendation on behalf of a great school, The Woodward School. Founded in 1869, The Woodward School strives to educate and empower young women in grades 6-12.

Located in downtown Quincy, Massachusetts, The Woodward School has over 33,000 sq. feet of space that offers students and staff a warm, inviting, and optimal learning facility. Its programs include core academic subjects that are accompanied by Latin, art, computer science, and health and wellness.

The mission of The Woodward School is to honor and cultivate each student's academic and personal potential to enrich the world with courage and creativity. It believes that diversity enriches its educational community and enhances the educational experience for all students and is committed to maintaining a learning and working environment that promotes respect, dignity, and equality for all individuals.

Not only does The Woodward School provide exceptional academics, but it also has an amazing staff standing behind it. Each one is well trained and knowledgeable in their fields and go above and beyond to help students however they can. They are warm, welcoming and a true pleasure to interact with, always taking the time to get to know their students and their unique needs.

I highly recommend The Woodward School to anyone who has a young female student in grade 6-12. It's an amazing school with a wonderful staff that work together to empower young women to realize their true potential and discover their passions in life.

Sincerely,
