

To whom it may concern:

It is with great pleasure that I write this letter of recommendation on behalf of a beautiful venue, Eberly Farm. Part of the Wichita, Kansas community since 1883, Eberly Farm provides the perfect setting for weddings, receptions, reunions, and more.

Eberly Farm was active in crop production, beef, dairy, sheep, and pig production, before becoming an event center in 1963. Today, guests step into the same woodlands and prairie that visitors in the 1800s did, where they can enjoy pristine wooded paths along the Cowskin Creek, rays of sunshine through the tree branches, and open spaces to roam.

Eberly Farm features a climate-controlled lodge and outdoor patio with a gorgeous backdrop for events of all types. It offers quality catering options including signature meals, assorted trays, snacks, and desserts, as well as a variety of D.J. services, photography, and video packages.

At Eberly Farm, none of the amazing event services would be possible without the great team standing behind it. As a family-operated business, each one is genuinely passionate about what they do and go above and beyond to help ensure your event goes off without a hitch. They are happy to help plan, coordinate, and support you throughout every step of your event planning process.

I highly recommend Eberly Farm to anyone in Wichita, Kansas looking for a venue with rustic elegance to hold their event. From weddings and receptions to corporate parties and children's camps, you can count on the talented staff to help make your day memorable.

Sincerely,

Rod Holter
