

To whom it may concern:

I am more than happy to write this letter of recommendation on behalf of a great business, Miracle Signs. Founded in 1947, Miracle Signs is a custom electric design and build company located in Wichita, Kansas.

Miracle Signs offers a wide range of signage solutions for businesses and organizations of all sizes. It specializes in LED EMC displays and traditional signage, and is a one stop shop for design, in-house fabrication, service, installation, and content. It also understands the permitting process and will ensure all requirements are met.

At Miracle Signs, it is truly the team that sets it apart from other companies in the industry. Not only are they a pleasure to interact with, but every member of the team is knowledgeable and dedicated to creating high-quality, visually appealing signs that meet the specific needs and desires of their clients. They take pride in their attention to detail and commitment to customer satisfaction.

I confidently recommend Miracle Signs to any business or organization that needs a new sign or is looking to upgrade their current one. Miracle Signs has a great team that will go above and beyond to create signs that are eye-catching, durable, and cost-effective, without breaking the bank.

Sincerely,
