

To whom it may concern:

I would like to take this opportunity to write a letter of recommendation on behalf of a great institution, Grace-St. Luke's Episcopal School. Founded in 1947, Grace-St. Luke's Episcopal School is a coed, independent school located in Memphis, Tennessee.

From preschool to middle school, Grace-St. Luke's Episcopal School serves approximately 450 students from age two to grade eight. It has 76 full-time faculty and staff and boasts an eight to one student to teacher ratio. It distinguishes itself through the strength of the school's academic curriculum and programs as it prepares students to thrive at the most academically competitive high schools.

At Grace-St. Luke's Episcopal School, it is truly the staff that make all the difference. Not only are they warm, friendly, and kind, but it's easy to see they are truly passionate about building relationships with their students and their families. They go above and beyond to support them in any way they can and always take the time to listen.

I highly recommend Grace-St. Luke's Episcopal School to anyone who wants to give their child a great start in life. From the warm, inclusive community to the vigorous academic programs, it will help prepare your child to be a creative problem solver, confident lifelong learner, and responsible citizen.

Sincerely,

Charlie Keffeler
