

To whom it may concern:

It is with great pleasure that I write this letter of recommendation on behalf of an amazing non-profit organization, Hope Village. Located in Friendswood Texas, Hope Village provides residential homes and support services to those with intellectual and developmental disabilities.

Hope Village was founded by Bill and Lucille Williams in 1967. It opened its first home in 1970 with the mission of assuring that individuals with intellectual and developmental challenges thrive in a loving, safe and supportive community in which they live, learn and work with purpose and dignity.

Today, it operates five residences that are independent and self-sufficient. It provides affordable solutions in a safe and caring home, with semi-private and private rooms that include daily living activities, medication administration, nutritious meals, and 24-hour supervision.

At Hope Village, it is truly the staff that make all the difference. Not only are they well trained and knowledgeable in their fields, but they are a true pleasure to interact with. They strive to provide a nurturing environment that facilitates personal growth, independence, and self-fulfillment, working tirelessly to ensure their residents are as happy as possible.

Hope Village is an important organization that provides vital services and support to those with intellectual and developmental challenges. I commend its staff and volunteers for the good work they do and support them wholeheartedly as they work to improve the lives of so many individuals.

Sincerely,
