

To whom it may concern:

I would like to take this opportunity to write a letter of recommendation on behalf of a great business, KieTek International Inc. Established in 1992, KieTek International Inc. designs, builds, and installs material handling equipment.

The KieTek International, Inc. corporate office is located in Queen Creek, Arizona. It provides services to material handling customers including air cargo forwarders and the U.S. Government globally, and specializes in cube and ball transfers, ball and caster decks, engineering consultation, and trailer, truck, and van systems. Overall, KieTek International Inc. understands the complexity of today's air cargo operations and realizes the importance of on-time delivery, which is why it's committed to delivering quality products and superior customer satisfaction.

Not only does KieTek International, Inc. provide cost effective solutions and products to its clients, but it is also backed by an amazing team. Each one is highly knowledgeable and skilled in their respective field, not to mention a pleasure to interact with. They take the time to get to know their clients' unique needs and requirements and provide complete support from design to installation.

I recommend KieTek International, Inc. without hesitation to anyone who needs material handling products or service. As an industry leader, you can count on KieTek International, Inc. to ensure your needs are not only met, but exceeded.

Sincerely,

Zachary Madrigal
