

To whom it may concern,

I would like to take this opportunity to write a letter of recommendation on behalf of a great company, Embroidery Design Group. Located in Columbus, Ohio, Embroidery Design Group provides a variety of quality embroidery services to its clients.

Embroidery Design Group is truly a one-stop shop, providing embroidery, screen printing, heat transfer, applique on apparel products and non-apparel products like mugs, pens, seat cushions, and clocks, as well as thousands of specialty items. It uses the finest equipment available in the industry and also offers corporate and school apparel and digitizing services.

Along with its wide variety of services, Embroidery Design Group has an experienced and dedicated team who are available to help you with all your project needs. Not only do they go above and beyond to provide unmatched service to their clients, but the award-winning staff also assists other embroidery shops around the country to help them determine the most artistic and cost-effective way of rendering your logo to needle and thread.

I highly recommend Embroidery Design Group to anyone in need of quality service they can count on. Whether you're looking to have a design printed or need tools to DIY your next project, Embroidery Design Group and its team have you covered.

Sincerely,

John O'Connell
