

To whom it may concern,

It is an absolute pleasure to write this letter of recommendation on behalf of Pacifica Landscapes. Based in Seattle, Washington, Pacifica Landscapes is dedicated to designing and building innovative, creative, and sustainable landscaped spaces.

Pacifica Landscapes was founded by David Baxter, son of a landscape architect and grandson of a pioneering native plant collector and nurseryman. It provides exceptional services to residences in the Greater Seattle and Eastside region. From patios for entertaining and play spaces for adventure to water features that sooth and firepits to light the night, it can handle it all. It can even help dog proof your yard to ensure it is a great space for you and your pup.

Not only are the services at Pacifica Landscapes exceptional – the team is as well. From the crew to the office staff, each one is well trained and experienced, and it is easy to see how passionate they are about what they do. They take the time to get to know their clients and their unique needs in order to meet and exceed their expectations.

I recommend Pacifica Landscapes without hesitation to anyone looking to transform their outdoor space into something beautiful and functional. With its dedicated team, you can rest assured knowing they'll help bring your vision to life, without breaking the bank.

Sincerely,

Michael Salazar
